

Argos registered for Payroll Giving in 1994, when we merged with Homebase. They had registered for the scheme in 1989. Home Retail Group was formed in 2006 and Payroll Giving has always been a strong embedded benefit that we have always embraced.

In March this year 5,799 people across both brands were giving. This was up by 600 people from the previous year (2009), which we feel is a marvellous achievement, given the past challenging year in Retail, and has enabled us to receive the Gold Award for the 3rd year running.

"Our Payroll Giving scheme is one of the many advantages we offer colleagues as part of our benefits programme, and are delighted with the continuing positive responses. The expertise and enthusiasm of our partners, Hands on Helping and Charities Trust are key to the success of the scheme." Ceri Wootton, Community Affairs & Workplace Manager
