

## South Northamptonshire Council

We re-launched the scheme in early 2010 after receiving the Silver Quality Mark in 2009.

We were delighted that we now have over 11% of our workforce giving through the scheme, achieved the Gold Quality Mark and staff are raising over £4,000 per year for a whole range of local and national causes.

We now have one of the highest uptake levels for any Local Authority in the UK and our Chief Executive Jean Morgan is promoting the benefits of the scheme to other local authorities and businesses in the region.
